Other activities available?	No
Are there closed areas on the property?	No

Access Contact:	Steve Stamatakis
Best Phone:	435-650-1467
Best Time:	Night

### Rules of Conduct

None specified

### Scofield East CWMU Description

The Scofield East CWMU is located southeast of Scofield Reservoir. There are two ridge systems that run north and south on the Unit that form the higher elevations. On the west these elevations range from 8900 feet in the north to 9000 feet in the south. Towards the east the elevations range from 9200 feet in the north to **9500 feet** in the south. The Unit is cut by five drainages. On the westside is the Up Canyon a short canyon ranging from **7700 feet** to 8400 feet. Long Canyon is probably the longest canyon that cuts the Unit. It ranges from 7800 feet to 8900 feet. Miller Canyon ( 7800 feet to 8800 feet), Jump Creek ( 8600 feet to 9200 feet) and Beaver Creek (8300 feet to 8800 feet) are additional drainages that cut the Unit.

Most of the Scofield East Cooperative Wildlife Management Unit (CWMU) is covered by a mixture of Rocky Mountain **Aspen Forest and Woodland** (22) and Inter-Mountain Basins Montane **Sagebrush Steppe** (62).
